MNIST Model Training - k8fttlsw

PyTorch MNIST classifier, training metrics, and example predictions

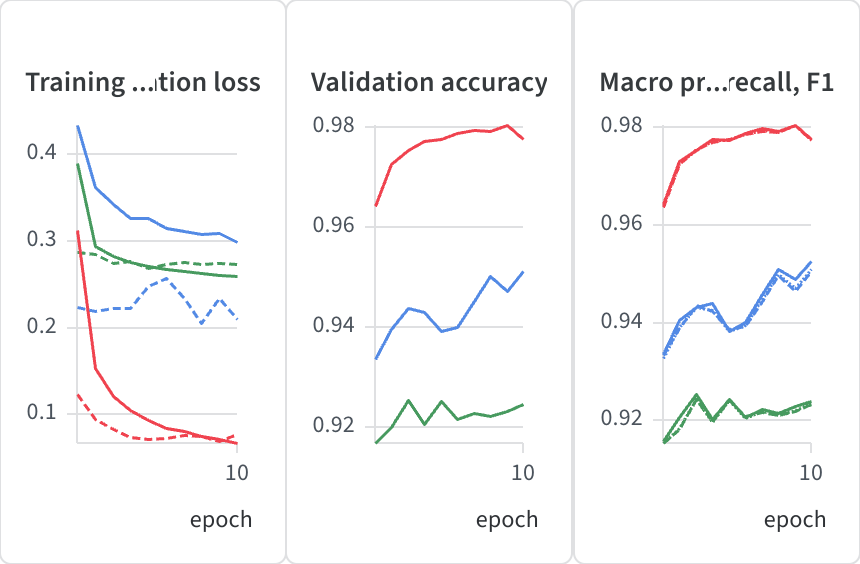

Zoe Sirotiak

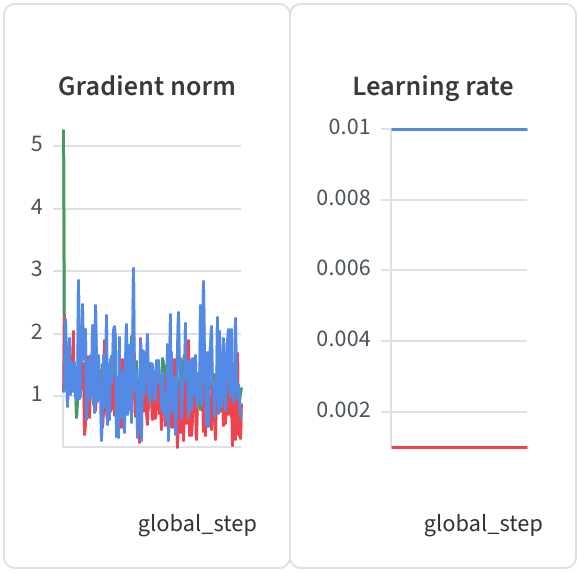

Last updated: October 29, 2026

MNIST model training and experiment tracking

Run: https://forge.coreweave.com/wandb/zmsiro-iowa-state-university/mnist-mlops/runs/k8fttlsw

Training and validation

Sample predictions

Ten validation images with true labels, predictions, and confidence scores. An interactive predictions table and confusion matrix are logged in https://forge.coreweave.com/wandb/zmsiro-iowa-state-university/mnist-mlops/runs/k8fttlsw.

Predicted and true handwritten digits

Confusion matrix

Final validation confusion matrix (0–9)
